

Statement of Alignment

Thrive2027 is Greater Portland’s collective vision for a stronger community. It is a set of three ten-year goals created by and for the community and is led by businesses, non-profits, government, schools, and community members committed to creating change by providing leadership, mobilizing public support, and working together in a new, more intentional way.

These goals represent a holistic and integrated approach to increasing opportunities, improving lives, and strengthening community so that everyone in Greater Portland grows and prospers. This is why _____ has endorsed the Thrive2027 goals. We believe all three goals are important and recognize everyone can play a role in increasing opportunities, improving lives, and strengthening community.

_____ is committed to supporting Thrive2027 and would like to further explore new or existing opportunities to align with the following goals:

- GOAL 1: Give Kids a Strong Start
 - Result 1: All children and families have their basic needs met so that they are safe and healthy.
 - Result 2: All children and families have quality early learning experiences to promote healthy development and school readiness.
 - Result 3: All children and families have literacy-promoting experiences so that children are readers.

- GOAL 2: Empower Neighbors to Thrive — Not Just Survive
 - Result 1: All individuals graduate from high school or complete a high school credential.
 - Result 2: All individuals complete a post-secondary degree, certification and/or training to meet their career needs.
 - Result 3: All individuals and families have the earnings/income and assets to be financially stable.
 - Result 4: All individuals and families can afford and access goods and services.

- GOAL 3: Help Us All Live Longer, Better
 - Result 1: Individuals ages birth to 14 years have their behavioral and physical health needs met.
 - Result 2: Individuals ages 15 to 24 years have their behavioral and physical health needs met.
 - Result 3: Individuals ages 25 to 44 years have their behavioral and physical health needs met.
 - Result 4: Individuals ages 45+ years have their behavioral and physical health needs met.

Please share any existing actions (e.g., corporate social responsibility priorities, programmatic work, volunteer initiatives, or population health goals) that align with Thrive2027:
